

ATTESTATION

PRODUCT/ENVIRONMENT

API „SystoLOCK“ in the version of November 2022 und March 2023.

TIME PERIOD

8th November until 14th November 2022 and 6th March until 10th March 2023

APPROACH

Tool based and manual penetration test on the application layer

USED STANDARDS

- „Durchführungskonzept Penetrationstest“ of the Federal Office for Information
- Testing Guide Version 4 of the Open Worldwide Application Security Project (OWASP)

RESULTS SUMMARY

During the penetration test of the mentioned API, no vulnerability was identified, within the time available.

Therefore, an overall very high security level can be attested to the API in the mentioned version and configuration.
